PRODUCTION NOTES:

These scoring overlays are designed based on the dimensions taken from NRA Conventional Pistol Rule 14.3. The median between min and max was selected to match the approach taken by the maker of the new NRA Approved scoring plugs.

Every effort has been made to produce these overlays as accurately as possible using desktop printing technology.

Overlays can assist you in evaluating shots. The final value of a close shot must be determined with an official scoring plug as directed in Rule 14.3.1 and 14.3.2.
